To the graduating Class of 1980, I wish to express my sincerest wishes for continued success, health, and happiness in all your endeavors. As you experience the new challenges which lie before you, I hope you emerge victorious.

Remember knowledge doesn't pay — it's what you do with your knowledge that pays. The highest reward for man's toil is not what he "gets for it", but what he "becomes by it".

I am proud of those who have gone before you, and I feel certain that your individual accomplishments will bring additional honors to you and your Alma Mater.
